

A bouquet of roses is placed on a stone ledge. The entire image is covered with a semi-transparent green filter. The roses are in various stages of bloom, with some buds and some fully open flowers. The stone surface has a rough, textured appearance.

CHOOSING A MEMORIAL

Choosing a memorial for your loved one is not an easy thing to do but we hope to help you through the process. When choosing a memorial there are several things to be taken into consideration.

THE CEMETERY RULES AND REGULATIONS

The majority of memorials in the brochure are within the regulations for all local authority run cemeteries. However many of the churchyards have different regulations depending on their location. Our staff will be able to advise you on the respective regulations.

THE COST

Details of costs are included in this brochure. However memorials can also be made to your own design and individual prices can be given on request.

CHOOSING THE MATERIAL

Granite headstones are the most popular as they are very durable and one of the hardest stones available. They are easily cleaned with a damp cloth over the polished surface. Granite is available in many different colours (black, dark grey, light grey, blue, green and red).

White Marble and natural stone are one of the oldest forms of memorialisation and less expensive than the granite, however they are a softer porous stone which can become dirty and stained over the years depending on their location in the cemetery or churchyard. A marble headstone may require a professional treatment in due course to clean it and return it to its full glory.

CHOOSING THE SHAPE

There are a variety of shapes available:- square top, O'Gee top, O'Gee top with curved shoulders, 1/2 O'Gee top, round top, bow top, heart shaped.

The headstone can also be either all polished, part polished or part pitched. However most of the memorials in this brochure can be adapted to your own personal choice.

DIFFERENT STYLES OF LETTERING

There are four main styles of lettering:-

Old English - This can be used for the main heading line

Roman Upper & Lower Case - Used for the main text

Roman Block Lettering - Used for the main text

Script - Used for verses or short sentences at the end

For dark coloured granite memorials the lettering could be cut and gilded with gold leaf or cut and painted with silver or white enamel.

For lighter coloured granite memorials or natural stone the lettering could be cut and painted black or dark brown and for white marble memorials the lettering could be cut and painted black or cut and leaded.

CHOOSING A CARVING

A carving or image may be added to the memorial. This may be something like an animal, flower, military emblem, sport or vehicle. Also a photograph set onto a porcelain plaque could also be added at an additional charge.

FLOWER CONTAINERS

A flower container can be included in the base stone of the memorial. It can be positioned in the centre, to the left, right or both.

MEMORIAL FIXING

Once the memorial design and inscription have been chosen we will apply to the Cemetery or Church on your behalf for permission to erect the stone on the grave (a fee is usually paid to the authorities at this time).

We will ensure that the stone is properly erected on a concrete foundation and all our memorials are fitted according to NAMM specifications. (National Association of Memorial Masons).

ADDITIONAL SERVICES

We also provide a service for existing memorials. These include additional inscriptions, renovation work, re-lettering of existing inscriptions and memorial cleaning.

Please do not hesitate to contact our memorial department for any further assistance or information you require regarding these services.

MEMORIAL PRICE GUIDE

Prices are fully inclusive of all fixing charges, memorial insurance, a 70-letter inscription and VAT at the current rate, with the exception of vases with a plinth where a 40-letter inscription is included. All orders arranged with our office are subject to approval from the appropriate Cemetery or Churchyard Authority. We will submit the necessary application forms to them on your behalf and our staff will offer their advice at the time of ordering. However, please note that the rules and regulations regarding memorials placed in local churchyards tend to be stricter than those of Council authorities and we strongly recommend that you consult the vicar in charge of the Churchyard before any memorial is ordered.

PORCELAINS

A porcelain picture can be added to any memorial. We will require a good quality photograph (either in colour or black and white). All our porcelains are prepared in Italy. When supplying us with a photograph please ensure that you have either a copy of the photograph or the negative as we are unable to guarantee the safe return of the original. The charges for porcelains can be found within the price list on page 47.

ADDITIONAL INSCRIPTIONS TO EXISTING MEMORIALS

For an additional inscription to an existing full size memorial with any style of lettering (other than raised lead lettering) there is a minimum charge of **£650** which includes the removal and re-fixing of the memorial, the first 70 letters of the additional inscription and VAT at the current rate.

For an additional inscription to an existing plaque or vase with any style of lettering (other than raised lead lettering) there is a minimum charge of **£360.00** which includes the removal and re-fixing of the memorial, the first 40 letters of the additional inscription and VAT at the current rate.

For an additional inscription to an existing memorial with raised lead lettering, please contact us for an individual, no obligation quotation. Costs can vary according to the age of the memorial and the amount of restorative work that may be required.

CLEANING AND RESTORATION WORK

We would be pleased to quote for any cleaning or restoration work. Our representative will arrange to inspect the memorial and then provide you with a full written quotation. The cost of cleaning will vary depending on the size of the memorial etc. However, below is a guide to the costs involved:

Cleaning of a standard lawn type memorial (less than 3'0" in height)	from £170.00
Re-gilding of an existing inscription	from £115.00

INDIVIDUAL DESIGNS

Memorials can be made to your own design. Our staff would be pleased to offer any help or advice you may require and submit a full written quotation to you without obligation.

HOW TO ORDER

Orders can be placed at our office either by telephone or in person. Our office hours are Monday to Friday 9.00 a.m. – 5.00 p.m. and Saturday 9.30 a.m. – 12.30 p.m. We have some memorials on display and our staff would be pleased to answer any queries you may have without obligation. If you would prefer someone to visit you at home to discuss your requirements please contact our office to arrange a mutually convenient date and time. We send out written confirmation of all orders received and would ask that you carefully check that all spellings, date etc. are correct before signing your order and returning it to us. We require a deposit of 40% of the total value of the memorial when your order is placed. Our account for the remaining balance will be submitted to you after the memorial has been completed and erected in the relevant Cemetery or Churchyard, thereby giving yourself and family the opportunity to ensure that our work is to your satisfaction. Work is normally completed within twelve to fourteen weeks of receipt of your order. Should you require completion by a particular date, please advise our staff at the time of ordering and we will do our utmost to meet your requirements.

MEMORIAL INSURANCE

As part of our service we are now including Memorial Insurance on all new memorials. This cover will last for five years and can then be renewed each successive five years for as long as you wish. It is a sad reflection on today's society that many memorials suffer from vandalism, sometimes even the simplest family stones are the target of malicious attacks. There is, of course, also the possibility of accidental damage. e.g. Falling Trees, Storm, Severe Weather, Lawn Mower Impact, Staining, Theft, Accidental Damage and Graffiti. Whilst it is impossible to prevent the distressing possibility, Stoneguard Insurance can insure that any damage will be put right very quickly - even to total replacement of a Memorial.

Our Stoneguard Insurance scheme is arranged exclusively by Bridge Insurance Brokers Ltd and is solely underwritten by Royal and Sun Alliance Insurance.

Should you require any further information regarding our memorials or insurance, please do not hesitate to ask a member of our staff who will be happy to assist you with your enquiry.

HEADSTONES

Please note the prices shown below are fully inclusive of all fixing charges, memorial insurance, a 70-letter inscription and VAT at the current rate, with the exception of vases with a plinth where a 40-letter inscription is included.
